City Councils.—The regular meetings of City Councils were held yesterday afternoon. The business was a annexed:

Sciect Branch.—President Spering filled the chair.

Mr. Barlow, of the Committee of Street Cleaning, to which was referred the ordinance passed by Common Council, authorizing the Mayor to renew the contract with Heary Bickley for cleaning the streets of the northern district of the city, reported back the bill as committed to them, and recommended its passage.

mmended its passage. The ordinance renewing the Bickley contract

therefore passed.

From Philip Fitzpatrick was received a com-munication offering to rent. Dock street wharf, at

87560 per annum. Another was received asking, on behalf of the Philadelphia, Albany and Troy line of propeller freight boats, that the lease of the wharf be put up at public auction. They were referred, after some debate, to the Committee on Wharves and

Landings.

A preamble and resolution authorizing Mr.

Manuel, Chief Engineer of the Gas Works, to print in the appendix to Select Council Journal his response to the charges of Col. Page's committee to investigate the affairs of his management ware agreed to.

were agreed to.

A communication was presented by Mr. Free-

A communication was presented by Mr. Free-man asking a continuance of the lease of certain coal lands of the Girard estate to the Boston and Mahanoy Coal Company. This was referred to the Committee on Girard Estates.

From the Committee on Law Mr. Wagner made a report as to what gentlemen were entitled to meet as members of Councils on the first day of January, 1867. It is to the effect that the law requires the organization of City Councils on the first Monday in January in each year. It provides, also, that the term of outgoing members expires on the last day of December. The Committee therefore report that only those members whose tes therefore report that only those members whose terms have not expired have the legal right to meet in the Chamber on the Thursday previous to the first Monday in January. An appended reso-

lution was as follows:

Resolved, That there be no meeting of Councils between the last day of December, 1566, and the first Monday of January, 1867.

This was agreed to. A resolution was now offered by Mr. Freeman, with a preamble, that whereas, the revenue derived from tayern and drinking licenses is comparatively small, and the expenses incident to a municipality arising from pauperism, growing directly out of the effect of the promiscaous sale of ardent spirits; therefore the Committee on Law is instructed to prepare an act by which the State tax upon drinking-houses shall be transferred from the revenue of the State to that of the city.

This was referred to the Committee on Law.

A ordinance providing for the payment of \$2000

to Rebecca Nathans, for losses sustained by her in the opening of Broad street, was passed.

Col. Page offered a resolution instructing the City Commissioner to report by what authority certain parties are allowed to drive heavy carts into Fairmount Park to draw ice cut from the

Schuylkill. Coi. Page stated that to repair the carriage-way after these ice carters had completed the work of filling their ice houses would cost the city from live hundred to one thousand dollars.

The resolution was adopted.

The bill making appropriation to the Depart-ment of Highways for 1867, was now taken up. The Chamber then resolved itself into Committee

of the Whole, Mr. Freeman in the chair.

The provise of Common Council to item 4, requiring that contracts be given to the lowest bid-

der, was stricken out.
On motion of Mr. Barlow, item 7, for repairs to roads and unpayed streets, which was \$30,000, was increased to \$50,000. Agreed to.

The bill, as amended, passed.

The ordinance making appropriation to clean the streets was concurred in just as it passed the opposite Chamber.

The bill from Common Council to lease Dock street wharf was postponed for the present.

An ordinance authorizing George W. Hammersley, postmaster at Germantown, to erect a wooden

post-office building near the depot, for the accommodation of the people, was adopted.

Also, an ordinance permitting the erection of a wooden building at Ninth street and Columbia

Also, the ordinance making the annual appro-priation to the City Ice Boat. The ordinance making appropriation to the Department of the City Controller was concurred in, but so amended as to make the salaries of the as-

sistant clerks \$1200 instead of \$1000. The salaries of the Controller and chief clerk were raised from \$5000 to \$5600 (for both).

The ordinances making appropriation to the Department of Wharves and Landings, and to the Department of Law, were concurred in.

An ordinance authorizing the paying of a batch of streets (see Common Council report) was con-Curred in.

The amendment of Common Council(to the ordi-

nance regulating passenger railways was not con-Curred in.

The bill to make an appropriation to the Water Department, as it passed Common Council, was so amended as to increase the salaries of those em-

ployes receiving \$850 to \$900. On the quession of concurring in the bill the yeas were 7 the nays 9. So the bill fell.

An oil painted partrait of James Lynd, late President of Select Council, was now formally presented to the Chamber by Mr. Charles Thomp-

The portrait is suspended from the wall beside that of the former President, Theodore Cuyler, Esq. A series of resolutions, expressing the high regard of the Chamber for Mr. Lynd, accepting the

picture, and assigning it a place upon the walls of the hail—after very handsome remarks by both Messrs. King and Freeman—were adopted. An ordinance making appropriations to the City Commissioners was taken up. Mr. Marcus (whose faith is Hebraic) moved to

mr. Marcus (whose latter is recease) moved to amend by adding among the municipal contribu-tions to the various churches, "To the Jewish Foster Home, \$500." Mr. Markus very feelingly expining that the people of his religious faith maintained their own poor. None professing that creed were ever the recipients of public charity, yet that people were largely contributors to the yet that people were largely contributors to the taxes of the city. They paid tributcheerfully and without reserve. While the city was contributing to the support of so many other churches, it was no more than right that they should make recognition of an asylum such as the Jewish Foster

The amendment was unantmously adopted. (It was also unanimously adopted in Common Councils .- Rep.) A committee of Common Council now announced that they had completed their business, unless Se-lect Council had something to communicate. The President said that several bills were yet

unacted upon that would require the attention of Common Connell. The bill making appropriation to the Commissioner of City Property was then taken up.

Mr Kamerly moved that the item of \$5000, to im-

prove and repair Fairmount park, be made \$15,000. He claimed that \$6000 would be entirely inadequate to do the merest patching. It would be better to spend \$15,000 at once than to spend twice that sum in petty instalments.

Col. Page thought that just as much improve

ment would be done with \$6000 as with \$15,000, under the present regime. Until the management of the park is placed under the charge of a commission, the smaller the sum appropriated to it the The amendment was lost.

The Chamber insisted upon its amendments to the Highway bill, and a committee of conference was appointed.

From their amendment to the bill making appropriation to the Department of City Controller

his Chamber now receded. The School bill, as passed by Common Council, was concurred in, with some small amendments. The Chamber adjourned at a very late hour, rendering necessary a special meeting to complete

unfinished business.

Common Branch.—This Chamber met at 3 P. M.,
Mr. Stokley, President, in the chair.
Mr. Marcer presented the following document:
To Joseph F. Marcer, Chairman of Finance
Committee of Councils—Dear Sir: The following Committee of Councils—Dear Sir: The following preamble and resolution were adopted by the Finance Committee of the Trustees of the Philadelphia Gas Works at their meeting last evening. Whereas, This Committee sent a communication to the Finance Committee of Councils, asking an appropriation for the year 1867 for lighting the public lamps to an amount equal to 860 per lamp, the refusal cost thereof; and

whereas, Rumor states that they have recommended an appropriation of \$48 per lamp for the coming year—the same being the amount received in the year 1865, on which the loss sustained by the Trust on each lamp was \$52.50, making the entire land of the lamb of

loss on public lighting over \$191,000; therefore Resolved, That this Committee respectfully pro-test against the action of the Finance Committee of Councils, and insist that the appropriation for public lighting be made the amount asked for by

this committee.

Resolved. That a copy of the foregoing be sent to Joseph F. Marcer, Egg., Chairman of Finance Committee of Councils.

SAMUEL M. WHITE, Respectfully.

The matter was referred to the Committee on

The Chamber then passed the ordnance approprinting the annual expenditure to the Water De-partment, with an amendment to make the Chief Engineer's salary \$5000 instead of \$2800. Mr. Miller, Chairman of the Committee on High-

ways, reported resolutions to pave Live, Warnock and Alter streets. These were agreed to. Mr. Hall Stanton, chairman of the Committee Mr. Hall Stanton, chairman of the Committee on Port Wardens, presented a report relating to the lease of the important property on Dock street wharf. The report states that the present proprietors of the wharf, when it was rented by the Pennsylvania Railroad Company, purchased the five years lease owned by that company, purchasing also the sheds and improvements erected by that company. When that lease expired the present renters released the wharf, at public outers, for renters released the wharf, at public outery, for three years. This latter lease is now almost ex-pired, and the committee reported the following

Section 1. The Select and Common Councils of the city of Philadelphia do ordain, That the Com-missioners of Markets, Wharves and Landings be. and he is hereby anthorized to enter into a lease o Dock street wharf, on the river Delaware, with the Delaware Avenue Market Company, for the term of ten years from the time of the expiration of the present lease, at the rent of four thousand dollars per annum, payable quarterly.

Section 2. That the said lesses shall bind them-

Section 2. That the said lessess shall bind themselves, with sufficient security, to extend the pier
of said wharf, at their own expense, to the Port
Wardens' line, to extend also through the pier the
sewer as of its present size and direction. The
work on said extension of pier and sewer to be
cone within one year from the commencement of
the lease, in the most substantial and workmanlike
manner, under the supervision of and in accordauce with the plan and specifications of the Chief ance with the plan and specifications of the Chief Engineer and Surveyor. Provided, That said lessees shall, at all times during said term, keep the docks of said wharf clean, and the pier, wharf, and all the improvements, in good order and re-pair, without any charge to the city, and, at the expiration of said term, deliver possession of the property so leased to the lessors, including all im-provements, (except the sheds,) in good order and

Mr. Stokley stated that he had propositions from ther parties offering \$7500 per year for the same

wharf.

Mr. Stanton explained the action of the committee. The lessees of the wharf are the Delaware Avenue Market Company. They own the extensive market property and sheds at the terminus of Dook street, and their property is ornamental to the city. It is also the only wholesale market open to our citizens. It supplies a want widely experienced prior to its erection, and which will be more grievously imposed if the market be removed. The rent asked is \$4000, but it will not be all that the company will expend. It will agree, and by the acceptance of the lesse does agree, to and by the acceptance of the lease does agree, to extend the wharf to the wardens' line. This great improvement will cost \$40,000, or a sum that, di-

vided among the ten years of proposed lease, will make the actual rent of the wharf to the market company \$5000 per annum.

Mir. Hetzel moved as an amendment that the wharf be disposed of by public outcry, by Moses Thomas & Sons, at 19 o'clock on January 20, at the Exchange, no bid being legal noises over \$7000 per. Exchange, no bid being legal unless over \$7000 per

The amendment failed. The ordnance was

Mr. Krupp here took occasion to express his entire disgust at the management of Councils during his connection with those bodies. He said that he could not find terms to characterize the conduct of Councilmen. An angel from heaven couldn't properly name the mode of operation by which Councils perfected its legislation.

Mr. Palmer presented a resolution of thanks to
William S. Stokley, the retiring President. The
Chamber adopted the resolution, and directed a
copy to be engrossed and forwarded to that gentle-

vestigate the charge made by Mr. Billington, that 8200 was paid for carriage hire by the Common Council committee of inquiry into the management of the Gas Trust, reported that the amount expended was much less. Mr. Billington, when pended was much less. Mr. Billington, when called before Mr. Bardsley's committee, was com-pelled to squarely back down from his charges. The report closed with a starp suggestion to Coun-cilmen not to iterate allegations of special extrava-gance without the necessary substantiatory know-

Mr. Hancock, from the special committe on in-quiry into the circumstances attending the build-ing of the extra chimney on the new court-house, reported that the chimney for which Mr. Colta-day retained \$850 could be built for \$350. The committee, therefore, introduced a resolution instructing the City Controller and City Treasurer to retain \$850 from the appropriation to the new

court-house. The resolution was adopted.

The School bill was then considered in Committee of the Whole, Mr. Harper in the chair, until a late hour. It was reported from the commit-tee, with important reductions, and finally passed without the amendment for the proposed in-crease of salaries, which came up on an ordinance to appropriate \$140,000 for the increase, offered by Mr. Stanton. The Chamber then adjourned.

THE GERMAN RELIEF SOCIETY .- The Society instituted for the Relief of Distressed Germans in the State of Pennsylvania, held its one hundred and second annual meeting at its hall, in Seventh street, above Chernut, on Wednesday afternoon. The report of the Board of Managers exhibited the organization to be in a very prosperous condition.

During the year 1866, fifty-five new members were elected, making the present number 603. The aggregate receipts for the past twelve months amounted to \$4605.52, while the expenditures during the same period were \$4012-52. Of the sum expended \$1455-96 was paid for the immediate relief and necessities of 565 appli-cants; 191 persons were provided with employment, and therty persons who were unable to work, and some sick, were cared for in charitable institutions, while others were placed in

hospitals.
The Medical Board of the Society, Drs. Wink. ler. Demme, Pleibel, and Trau, treated 31 patients gratultously, the medicine being likewise formshed free of expense. Connected with the Society is a very one library of selected works, consisting of 6240 German and 6141 English books, which are extensively read by the contributors. Thirty new members were elected. The assets of the society are estimated to be between sixty and seventy thousand dollars, the principal of which consist of the new hall re-cently erected in Seventh street, forming quice an attraction, and an ornament to that section of the neighborhood, books, investments, etc. The interior of the hall is at present being im-proved and beautified by the addition of new book-cases of black wa' mut, which will occupy the three sides of the large hal, the upper portion of which will be reached by a neat and capaclous gallery,

The election for officers resulted in the selection of William J. Horstmann, President; L. Herbert, Vice-President; Alfred Kusenberg and Julius Hein, Secretarics; Louis Groshotz, Treasurer; Frederick Heyer, Solicitor; and as Managers, George Doll, J. Kinike, J. Schandein, E. Schafer, J. C. Steiner, J. Zaun.

ANNUAL MEETING OF THE GERMAN HOS-PITAL.—The contributors and members of this public charity held the seventh annual meeting on Wednesday evening, at the hall of the Ger man Society, No. 24 South Seventh street, the President, Joseph M. Reichard, presiding. The meeting was largely attended, and considerable interest manufested by all present. The annual reports of the President, Treasurer, and Surous were read.

The Treasurer reported the receipts of the year to be \$4483.49, and the disbursements \$3680.29, leaving a balance of \$803.20. The corporation numbers 315 annual contributors, 73 life members, and 3 Society life-member-hips. The Hospital, which is located at Twentieth and Norris streets, in the Twenty-first Ward, was formally opened on Thanksgiving Day last, and placed in practical operation on the third day of the present month, when the first patient was admitted; and from that date to the 26th instant thirteen were entered. Of this number two have been cured, and have left the institution, and two have died, there still remaining nine in charge of the physicians. The Medical Board consists of eight German

ONE MAN KILLED AND TWO INJURED BY THE FALLING OF A WALL.—The recent fire at the thwest corner of Twelfth and Market stre left the building without any root, and the wall lacing on Twelith street exposed to the wind. Yesterday morning, about 11 o'clock, the peak of the wall on Twelith street fell. Just at that time, a man named John Logue, a driver for Mr. Leugett, who occupies the first floor of the oullding, was loading a wagon with Lails from the store. Heavy masses of brick fell upon the rear end of the wagon and also upon Mr. Logue's rear end of the wagon and also upon Mr. Logue's head, fracturing his skult, and killing him almost instantly. Near the corner of the build-ing, on Twelith street, Mr. Weeder, who keeps a cake and coffee-stand, was talking with Patrick Keenan, the proprietor of a tavern a few doors above. Mr. Keenan was completely buried up with bricks and morter; when taken buried up with bricks and mortar; when taken up be was found to be badly injured about the head and face, legs, etc. His wounds are considered dangerous. Mr. Weeder was slightly injured. A portion of his stand was completely demolished. Mr. Logue, the deceased, was about thirty-six years of age. He leaves a family, at No. 1824 Filbert street. An inquest will be held to-day. will be held to-day.

BURGLARS FOILED .- On Wednesday night last, at a late hour, a daring attempt was made to rob the residence of Mr. John Haseltine, No. 706 Spruce street. A male member of the family entered the house, and was about retiring up stairs to rest, when he was confronted by a man in the cutry, who asked him who he was. Mr. Haseltine was about replying, when another man made his appearance in the entry through the parlor door. Knowing by this time that the men were burglars, Mr. Haseltine drew a re-volver and fired, when the two men, who were now joined by a third party from the street, is believed, beat a rapid retreat, carrying with them s quantity of silverware. An examination revealed the fact that the burglars had effecter an entrance by cutting out a panel of the fron door, and creeping through it into the entry.

STORE ROBBERY.—The stationery store of Mr. Moss, on Chesnut street, below Fifth, was entered on Wednesday night by means of a jalse key, and robbed of gold pens and fine cutlers to the value of several hundred dollars. The robbery was discovered when the store was opened yesterday morning.
